

Focus Group Interviews

Questions for Focus Group Interviews:

Warm-up question: Q0. **What are your first thoughts when you think about international learning in digital environment?**

Q1. **Now let's talk about your experiences with international learning in digital environment. How did you practice so far international learning in digital environment?**

(Prompts: How was digital environment included in your international learning & mobility? Was this kind of learning with or without physical mobility? How was digital environment organized? Were some of your courses organized as simultaneous interactions within online activities with teachers and peers? What are differences for your learning during mobility, when you consider digital environment and face-to-face meetings with teachers and peers?)

Q2. **What has changed in your learning practices as a result of experiencing international learning in digital environment?**

(Prompts: Which changes are "forever" -- permanent changes in your learning? What are "temporary" changes and why they are not "forever" changes? How does this kind of mobility contribute to personalized learning?)

Q3. **How this kind of learning changed you as person? And as student?**

(Prompts: How would you describe yourself to others? And to yourself?)

Q4. **What kind of problems did you experience during international learning in digital environment?**

(Prompts: what was difficult for you during your physical mobility? And what about difficulties with digital environment?)

Q5. **I would like to know what's the one thing you have learnt from mobility with digital tools that you find useful in your life?**

(Optional by the end of interview: **Is there anything you would like to add to the discussion?**)

Interviewer's Form

Interviewer took part in previous questionnaire study within HLITL study: <input type="radio"/> Yes <input type="radio"/> No	Gender <input type="radio"/> Male <input type="radio"/> Female <input type="radio"/> Other	Age <input type="radio"/> Less than 19 years of age <input type="radio"/> 19-24 years of age <input type="radio"/> More than 24 years of age
Students current university is located in	What is interviewer's field of study currently?	Interviewer is university student at
